- To find the OPERA Cloud Version
 - Log into OPERA Cloud and in the bottom right corner, the Version is displayed

- Should a partner need to get in touch with the property about the integration:
 - OPERA Cloud Administrator Name:
 - Email:

The property URL is the url a property uses to log into OPERA Cloud. This will look slightly different for a Production verses Non-Production environment, however it will look something like this:

- <https://xxx-uat-oc.oracleindustry.com/OPERA9/opera/operacloud>
- On this OPERA log in page, click “Register New Account”. A new tab will open in your browser, with Identity Self Service. This URL should be provided to the OHIP Partner.
